Linda Randell is a name in the sporting community that will never be easily forgotten. Linda has had a 22-year sporting career that includes local, provincial and national championships in 7 different sports: Softball, soccer, ball hockey, ice hockey, volleyball, basketball and badminton. On 19 separate occasions she was a member of a team representing Newfoundland and Labrador at the national level. Linda's involvement with sports started in junior high school; she was, without a doubt, an outstanding athlete in every sport in which she competed.

One of Linda's many accomplishments includes the 1976 Newfoundland and Labrador Summer Games. She competed in the field hockey event and her team returned with a bronze medal. Throughout her career she received several individual awards in recognition of her outstanding athleticism in softball. While part of the softball community, Linda competed in 12 national championships (at all levels) and was a member of the 1985 Canada Summer Games team. Not only was Linda a talented field hockey and softball player, but was also a strong soccer player. At the peak of her soccer career, Linda was rated among the five best female soccer players in Newfoundland and Labrador. She played soccer for thirteen years achieving ten St. John's championships, seven provincial championships and a silver medal at the Atlantic championships. In addition to her already outstanding athletic career, Linda attended six national championships for ball hockey in which she won a silver and two bronze medals. She played ice hockey for only three seasons and still made a national appearance proving just how talented of an athlete she is.

From her very first game to her last, Linda Randell stood out in every sport she was a part of and was a great asset to every team with which she played.

The Mount Pearl Sport Alliance recognizes Linda Randell's outstanding athleticism with her induction to the Mount Pearl Sports Hall of Fame.
