Enormous talent, and love for soccer from all athletes on the U16 All-Star Girls Soccer Team accompanied by the tremendous coaching exhibited by Ben Dunne and Jim Bulger, allowed for the formation of a team that was destined for success. The team won more than twelve Provincial and Atlantic awards over their eight years of playing together. The majority of the team members excelled at the University, Atlantic and at the National level; Raeleen Dunne Baggs being an individual that stood out in particular and was chosen as the National Collegiate Player of the Year. Other team members won Atlantic Championships and made All-Star teams while playing at Memorial, Queens and Acadia Universities, as well as the University of New Brunswick.

During the 1990 playing season the team won the Provincial U-16 Championship, defeating the St. John's team in Marystown. Moreover, they also won the Gunn Balderson Championship held at Acadia University in Nova Scotia. Over and above these accomplishments, the team managed to capture the championship title for the U-18 Metro League, an outstanding success.

At the National U-16 tournament held in Mount Pearl and St. John's, the girls continued their outstanding performance with a more than credible record of one win, one tie and one loss.

Several of the team members also excelled at a multitude of different sports, simply adding on to their already tremendous athletic careers.
